TOWN COUNCIL

ORDER NO. 12-2014

AN ORDER:

Providing for: Authorization for the Town Manager to Expend Capital Funds for a Combined Sewer and Storm Water Project not to exceed \$200,000.

BE IT ORDERED by the Town Council of the Town of Winslow as follows:

WHEREAS, the Town of Winslow has adopted a Capital Improvement Plan that includes Capital Improvement Funds to finance various town needs; and

WHEREAS, the Town Council authorizes expenditures from the Capital Improvement Fund in accordance with the Capital Improvement Plan; and

WHEREAS, the Capital Improvement Funds have a sufficient balance to fund a combined Sewer and Storm Water Project described in the attached email; and

WHEREAS, the Public Works Director is recommending that this work be performed; now, therefore

BE IT ORDERED by the Town Council of the Town of Winslow that the Town Manager is hereby authorized to make an expenditure from the Capital Improvement Fund from amounts that have been set aside for Public Works Sewer and Storm Water Projects not to exceed \$200,000.

To:  Michael Heavener

Subject: Sewer & storm projects

Good morning Mike,

The proposed sewer project is described as follows. East Bowden Street - new sewer main and services, repave street [\$44, 581.00]. Rancourt and Clinton Avenue intersection -reroute sewer main to allow replacement of failing catch basin sitting directly over sewer main [\$25,505.00] Total sewer is \$70,086.00 Storm drain work. Corbett Lane and Roderick Road - Install 4 catch basins and pipe to eliminate water problems in this area. [\$52,970.00]. Dixon Terrace - reroute existing storm water outlet that currently bisects undeveloped house lot. Shared cost with Doug Dixon and will receive drainage easement for new outlet [\$26,850.00]. Total storm drainage - \$79,820.00. We presently have \$211,000.00 available in the sewer capital and \$134,839.00 in the storm drain capital. Not knowing the current backlog of the area contractors, I would request both projects be approved up to \$100,000.00 each. It is my intention to combine these projects into one contract and it would be a bonded project.

Non-Binding Referendum Question

On January 1, 2012, it became legal in Maine for individuals over 21 years of age to use certain types of fireworks on their property or by permission on other's private property during certain hours of the day throughout the year, unless their use is prohibited by a municipality.

Should the Town of Winslow exercise the local authority to prohibit the use of fireworks within the town?
